Dear brother Need:

We have just noticed your report in the Gospel Advocate of May 13. I am writing concerning a young family now connected with the U.S. Army at Aberdeen. They are the G.L. Longs, Carol and "Topper." G. L. or Topper is a graduate of Tennessee Tech and while attending that school in our city was deeply involved in our work. Carol is an excellent Bible school teacher who did an amazing job in our preschool department. I recommend this excellent young family and hope you will be able to contact them. As of yet, I have no address for them but do know that G. L. is a second lieutenant in the U. S. Army just recently attached to the Aberdeen base.

Fraternally yours,

John Allen Chalk
