Dear Ethelene:

Congratulations on your decision to go to Michigan State University next year. Lee Harrington is a great Christian and you will thoroughly enjoy working with him and other followers of Christ on that campus. I pray God's richest blessings on your efforts there next school year.

We are looking forward to our move to Atlanta. I hope it will prove fruitful in the leading of many students to Jesus Christ.

Your brother,

John Allen Chalk

Dear brother Chalk,

I read in the December 16 Chronicle that you are planning to move to Kalamazoo next summer. Although I am awfully sorry that you will be leaving Herald of Truth, I pray that you will have all of God's blessings in your new work.

Next fall I will be involved in a work basically the same as yours as I will be at Michigan State University and will be working with the Campus Advance Program there.

Again, I wish you and your family the best of all things in Kalamazoo.

In Christian love,

L. J. ...
