Dear Maurice:

It was a pleasure to be with you during the Campus Seminar held in Dallas. Unfortunately, many erroneous reports have been noised abroad about the Dallas meeting. I know, however, that the lives changed there will remain changed as long as the same principles which brought about the changes are adhered to, principles that I believe are taught so clearly in God's word. Your very presence in the meeting, as well as your very personal and vital participation in the seminar helped make it the success it was.

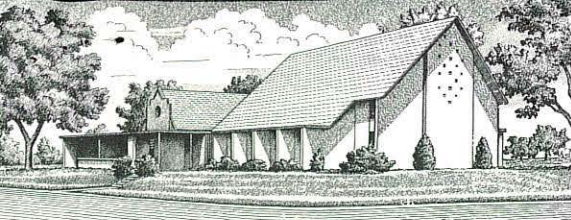

I do not have much information available at this point. I do have an enclosed bibliography and an explanation of our campus missionary program we'll be utilizing in Atlanta. The campus missionary program allows recent Christian College graduates to continue their education in Atlanta while reaching out in an evangelistic way to people their own age, to their fellow college students. I hope this material is of some benefit to you.

Accept my prayers and best wishes for your ministry there. I know God will bless it.

Fraternally yours,

John Allen Chalk

Dear Brother John Allen:

I have just read the Chronicle about your desire to go to Georgia to do school work and to work in connection with the campus evangelism program there. I am interested in hearing a little of your plans for the work in the Decatur area. I have been appointed the campus evangelism director here at Wichita State University, though my church activity is such that I give it very little time and most of the work is being done by the students under the direction of a pre-med student named Dan Dunn.

May God bless you as you go on and continue in the work that you are doing. I do believe that God is leading you because I think that I know the kind of a heart you have. I just hope that we will be able to see a very effective person replace you on the Herald of Truth so that this work can go on in a most effective way. It would be our desire and prayer that you might find a very effective work in Decatur.

Yours for the preaching of the gospel to every nation
under heaven in our generation,

Maurice
