

LIGHTING A *Path* FOR THE FUTURE

When Harding College was founded in 1924, its leaders could only pray that *it* would be the one – the Christian college that these pioneers had worked so diligently to establish to make an impact on thousands of people for years to come. They had poured their efforts and their hearts into “putting Christ in education” at Potter Bible College, Western Bible and Literary College, Cordell Christian College, Harper College and Arkansas Christian College and each of these had struggled desperately to survive. It was the merger of the last two of these – Harper and Arkansas Christian – that began as Harding and, this year, celebrated 75 years of making the impact for which it was founded.

Throughout its existence, Harding has succeeded in preparing students spiritually as well as emotionally, physically and academically for the world of its time. As the world has changed, Harding has adapted to the emotional, physical and academic needs of its students while remaining unchanged in its commitment to the Christian principles upon which it was founded.

The University’s mission is described, in its simplest terms, in its seal, which has a lamp in front of an open book on which is inscribed the words truth, knowledge and freedom. The three words emphasize the role of Christian education in the lives of Harding students. Living in a world that constantly redefines truth, Harding has continued to uphold its importance as defined by Scripture. It has also provided the component of education that prepares students for life in this world while stressing that true knowledge is that which comes from God. And its focus on freedom points students to a motto from earlier days – that “liberty is found in doing right.”

Club representatives wind the May pole during the annual May Fete. This early May tradition was initiated in 1924 and continued through 1989.

The lamp reflects the University’s emphasis on the word of God as direction for our paths, as seen in Psalm 119:105: “Your word is a lamp to my feet and a light for my path” (NIV). Faculty and students attempted daily to reflect the light of God. As beacons for the world, they strove to keep their lights from being extinguished. When someone’s light grew dim from discouragement or lack of faith, a brother or sister in Christ often provided an extra spark to rekindle the flame.

As the year-long celebration came to an end, another chapter of Harding’s past was closed, leaving a mark of commitment on the hearts of another generation of students and lighting a path for those yet to come.

CLOSING A *Chapter* ON THE PAST

Memorials

With more than 4,000 members of the Harding family, many individuals were likely to suffer from tragedies and losses, and as Christian brothers and sisters, many tried to lend sympathy, encouragement and prayers in those difficult times. In 1998-99, Harding lost two members of the "immediate family." One beloved staff member passed away after a lengthy battle with cancer and a freshman student died following complications with diabetes. The Petit Jean staff dedicates this page to their memories and extends its sympathy to those who loved them.

Suzanne Spurrier

Many students have come and gone from Harding without personally meeting Suzanne Spurrier, but they certainly received the benefits of her wonderful life through the superior quality of the Brackett Library and its staff. She devoted herself to the library to make it the best possible resource for students, faculty and staff. The library was her baby, and she took care of it like no other.

Suzanne Frances Spurrier was born Dec. 21, 1947, in Zanesville, Ohio, and she died Dec. 23, 1998, after a long battle with cancer. A 1971 graduate of Harding, she taught the fifth grade in Parkersburg, W. Va. and was named Teacher of the Year. In 1975, she returned to Harding to work in the library and, from then on, she served the Lord by dedicating her work to the Brackett Library. She is survived by a sister, Grace Steil, and her family: her husband and two sons and their wives.

Spurrier's character was best illustrated by her friends and co-workers.

"Even in her sickness, on days she was weak, she displayed joy to all those whom she encountered in the library."

Ashley Burton, junior

"She made each of us feel so uniquely special, and now there is a large void at the top of the Brackett Library and in the depths of our hearts."

Teri Buss, staff

"She went quietly about her good deeds, leaving many wondering 'who helped me?' because God always received the glory!"

Belva Bellock, staff

"Although she is gone, she will live on in our hearts forever!"

Debbie Johnson, staff

During her memorial service, College church minister Bruce McLarty read from some of Spurrier's e-mail messages she had sent to the Harding faculty during her illness. One particularly reflected her attitude: "When people ask how I am, I just say, 'Saved.' That's all that matters anyway."

Spurrier was truly an example for all and, after she left this world, she continued to give to others as she provided a reception for the hundreds who attended her memorial service. Although she never married, Proverbs 31:29-31 describes her perfectly: "Many women do noble things, but you surpass them all. Charm is deceptive and beauty is fleeting; but a woman who fears the Lord is to be praised. Give her the reward she has earned, and let her works bring her praise at the city gate."

Suzanne Spurrier's life was an excellent model because, as one of her favorite passages – Colossians 3:23 – says, she worked for the Lord, not men. She gave to others in her lifetime, and this past Christmas, as junior Tassie Bauman said, "Miss Spurrier received the greatest gift of all – she got to go home."

Larry Criss

Lawrence "Larry" Criss of Chicago died in his dorm room of undetermined causes at the beginning of the spring semester. He had been working to control a diabetic condition during the months preceding his death, and the doctors said they believed his death to have been related to that disease.

Pat Rice, director of Student Health Services, spent a lot of time with Criss because of his health problems. "He was appreciative. He knew that we cared about his wellness and his academic success," she said. "He always said, 'I'm gonna be all right, Mrs. Rice.'"

Junior Otto Lovo said of his roommate, "He was respectful all the time. He was humble and quiet. He taught his friends how to handle difficult times."

Freshman Malaika Joiner, Criss' girlfriend, said, "He was a true friend. He was always there when you needed someone to talk to and would always stop the rumors if you tried to talk about one of his friends."

Dr. Ken Neller, an associate professor of Bible, spoke at the chapel memorial service for Criss on Jan. 14. He echoed Lovo's sentiments. "His friends describe him as 'a tenderhearted, compassionate and caring person,'" Neller said. "He didn't like people judging each other and he would especially stand up for his friends when someone criticized one of them."

Criss' devotion to his friends was one of his most memorable characteristics. Harold Alexander, a counselor in Student Support Services, said he considered Criss to be one of his good friends. "Larry volunteered to go on a leadership retreat to Marianna, Ark., his

freshman year," Alexander said. "He was a very likable person who enjoyed being around young people and helping them out. He really cared about young people."

Alexander recalled Criss playing basketball with the kids at the retreat. Basketball and football were two of Criss' passions. He lettered in both in high school. According to what his family told Neller, "Larry was the only person they knew who had broken every bone in his body."

He also loved video games such as National League Baseball Pennant Race. "After a stressful day of class, we would play video games to relax," Lovo said.

Still others recalled Criss' ability to make people laugh. Junior Karla Mueller had an English class with him last fall. "He was just a fun guy. He came in to take the final [exam] wearing sunglasses and a crazy hat – in a really good mood," she said.

Criss was born Nov. 14, 1978. He is survived by his mother, Nurley, and a little brother named Timmy. He was buried in Chicago.

During the memorial service, Neller reminded the chapel audience that, "It is important to have fun in life but it is more important to leave behind a legacy of compassion and love like Larry did with his friends."

French team wins first-ever World Cup

The World Cup soccer competition is held every four years. The 1998 games were held in France and it was the French team that won the nation's first-ever World Cup title by defeating Brazil 3-0. More than a million revelers packed the historic Champs-Élysées to celebrate the victory. The broad avenue became the focal point of celebrations and many called the impromptu street party the largest outdoor celebration since Liberation Day in 1944.

During the tornadoes that hit in late January, students were asked to stay where they were on campus and to go to an inner room, away from windows. While some students grouped together inside the Student Center to sing songs and gain comfort from one another (above), other students gathered out on the loading dock behind the building to see if they could spot the activity of the storms (below).

Bombings shake American embassies

Terrorist bombs exploded at the American embassies in Kenya and Tanzania in late summer. The Nairobi bombing took place almost simultaneously with the bombing in Dar es Salaam and the blasts killed 258 people and injured 5,500. A few arrests were made, but American government officials said the man responsible was Osama Bin Laden. While Bin Laden, an exiled Saudi millionaire, was not charged in the bombing, U.S. officials suspect him of financing several terrorist strikes around the world.

10,000 Maniacs perform in the Benson Auditorium for approximately 700 people. The SAC typically invited country bands because they often attracted larger crowds, but the committee also tried to please students with other music tastes by bringing pop groups.

Overwhelmed with bittersweet emotions, Barbara Barnes, former women's intramural director, sits in the new rocking chair presented to her in a special intramural chapel by members of the intramural staff. Barnes retired in the spring of 1998 after 32 years of service as director. Dr. Jessica Moore stepped into the position in the fall.

McGwire wins home run battle

RM photo

Mark McGwire (above) and Sammy Sosa (left), two baseball power-hitters, were in a battle of home runs during the summer. Both were looking to beat the record of 61 set by New York Yankee Roger Maris in 1961. When the dust settled at the end of the season, McGwire, a 34-year-old right-handed hitter from the St. Louis Cardinals, won the home-run record with 70. Sosa, a 30-year-old right-handed hitter from the Chicago Cubs, hit 66 home runs.

Hurricane Georges tops damage charts

Hurricane Georges was the costliest disaster in the 117 years of Red Cross relief efforts, topping the \$81.5 million the agency spent on Hurricane Andrew in 1992. Georges ripped through the Florida Keys and into the Gulf of Mexico before it slammed into Mississippi and Alabama. Preliminary industry estimates put Georges' cost to insurance companies at \$2.5 billion, the third-costliest storm on record. Georges' costs ranked behind Hugo in 1989 and the number one hurricane for damage, Andrew.

Country music star Tracy Byrd sings one of his hits for the crowd in the Benson Auditorium. Though performers were brought primarily for the entertainment of students, some artists, such as Byrd, attracted many members of the community as well.

President Clinton faces impeachment trials

RM Photo

RM Photo

President Bill Clinton became embroiled in a White House scandal that led to Congressional hearings and an impeachment trial. It all started when Republican attorney Kenneth Starr (left) was appointed as a special prosecutor to investigate President and Hillary Clinton's failed investment in an Arkansas real estate venture called Whitewater. A grand jury was called and that led to several other investigations that eventually focused on accusations that the president was involved in obstruction of justice and perjury. Although Clinton eventually did admit to inappropriate behavior, Congress pushed forward to bring the president to trial in the Senate. He was acquitted.

Livingston stuns Congress

Rep. Bob Livingston, a Republican from Louisiana, made a surprise decision to leave Congress just weeks before he was to become Speaker of the House of Representatives. In the wake of the presidential scandal, he stunned his colleagues when he announced during the debate to impeach President Clinton that he had extramarital affairs that nearly destroyed his 33-year marriage.

As the sun begins to go down, the buildings cast their shadows on campus. The bell tower, which was constructed in 1953, houses the bell from the old campus center, Godden Hall. The tower was built using bricks from some of the buildings of Galloway College, the women's college that once occupied this campus.

Senior Paul Johnson and sophomores Teresa Boyd and Sara Baskett use an opportunity outside on the front lawn to spread out their materials and work on a clay art project. Art students often used the outdoors for inspiration or even just a change of scenery. The front lawn was also a favorite field for picnics and soccer or ultimate frisbee games.

House judiciary committee Chairman Henry Hyde, a Republican from Illinois, led the House of Representatives in the impeachment of President Clinton. He then delivered the Articles of Impeachment to the U.S. Senate. A trial to impeach the President was conducted but not before a vote of 43-57 rejected a motion to dismiss the case against the President.

Special thanks to Angie Harlow for all of her work on the tedious tasks of alphabetizing, indexing, etc., and for her encouragement and fun-loving spirit. Thanks to the Jostens team: Dean Bawcom, our local representative, Mike Barnes, our in-plant consultant, and Carol and Brenda in the art department. Our appreciation to Mike Chalenburg, Jeremy Kemp and Jim Baird for computer technical support. Thanks to Leigh Ann Williams and the crew from Holland Studios. Also, thanks to Jim Gowen and Todd Hopkins for their patience and understanding in giving up their wives. We are especially grateful for our personal miracle worker, Kay Gowen, and her continuous instruction and encouragement.

The *Petit Jean* office is located on the second floor of the Hammond Student Center in room 211. Any correspondence can be sent to the *Petit Jean*, Box 10812, 900 E. Center, Searcy, AR 72149-0001. CHARTING A *Course* FOR THE FUTURE

*A*s Harding's 75th year drew to a close and the celebrations were complete, there was a sense of pride and accomplishment in having attained such a great milestone. Harding and its faculty and students had witnessed a number of events that would remain in their memories throughout their lifetimes.

Among the special events were the Founder's Day and special Homecoming festivities in the fall. In the spring the celebrations continued with special performances and distinguished speakers. The year concluded with the graduation ceremony honoring the university's 75th class.

Along with the benefits reaped from witnessing and participating in the

celebratory events, Harding students and faculty were granted numerous opportunities to serve surrounding communities. When tornadoes struck White County one Thursday evening, students, faculty and staff members were quick to respond with helping hands and boundless encouragement.

Through their service, students left marks on the lives of others in the community as those people tried to clear the way for a new beginning and a brighter future.

These acts of kindness proved that Harding achieved its goal of influencing lives and developing Christian servants who would not only leave their marks on the lives of others, but would also chart courses that would improve the future.

Dr. Jack Ryan introduces each of the 50 states and more than 40 countries represented at Harding as students from each location surround the front of the Benson Auditorium stage carrying the flag. The 1998-1999 school year started with a special convocation ceremony in chapel that celebrated the beginning of Harding's 75th anniversary year.

LEAVING A *Mark* ON THE PAST

- ▼ Founders' Day was held on Sept. 28, 1999. Approximately 90 people, including alumni and their families, attended a special chapel ceremony as Harding's founders and first students were remembered and honored.
- ▼ On Feb. 16, the Arkansas Symphony performed in the Benson Auditorium. The orchestra was joined by more than 250 Harding singers to perform Beethoven's Ninth Symphony.
- ▼ Harding initiated the Diamond Anniversary campaign in the fall. The five-year campaign, which had a goal of \$150 million, received a boost with a \$12 million pledge from Mr. and Mrs. Robert Brackett. The donation was to be used to renovate and expand the Brackett Library.

Remind Me, Dear Lord

Roll back the curtain of memory

now and then;

Show me where You brought me from,

and where I could have been;

Remember I'm human, and humans

forget;

So remind me, remind me, dear Lord.

– song lyrics by Dottie Rambo, 1966
