

The clock standing outside the renovated student center is a constant reminder that time — and years — pass quickly at Harding University.

## What will you remember?

Another year has passed. Functions are over; Spring Sing is done, and Impact is just a faint memory.

While packing your room is definitely a priority, you're probably more concerned about playing on the front lawn for a few more minutes or taking one last trip to Heber Springs.

You've gone to classes, campus movies and basketball games. You've taken finals and written papers, and now you're thinking about finding a summer job or raising enough money for international campaigns.

But what moments of this year are you really going to remember in 10 or 20 years? Your art appreciation final or your English term paper? I doubt it.

You'll probably remember service projects, ultimate frisbee on the front lawn and last-minute trips to Sonic during happy hour.

Long after the swings have been repainted and Homecoming is a faded memory, it's the faces and experiences that will still be with you.

Take advantage of each moment during your time here. Cherish each nap, each spontaneous conversation on the way to class and each spirit-filled devotional.

I stand at the end of my journey at Harding ready to take the next step, yet looking back and wishing that I had realized earlier how precious my time here was.

My prayer for you is that you will treat every day as a gift from God and not take any experience or opportunity for granted.

Thanks to Jostens: Dean Bawcom, our local representative, Mike Barnes, our in-plant consultant and Carol in the art department. Our appreciation to Mike Chalenburg and Jim Baird for computer technical support. Thanks to the crew from Holland Studios. A special thank you to Sara Miller for her patience with us while we kept her husband in the office on deadline nights and for all the meals she prepared for us at her house. Special thanks to Jim Miller, who remained calm through everything and made the job fun for all of us.

## P *gaining* a new perspective

When I was first asked to consider taking the position of editor-in-chief of the yearbook, I was hesitant because I knew it was a demanding job, and I wanted my senior year to be relaxing.

But looking back on this year, I am thankful for being given this opportunity to grow and stretch myself. My senior year has been one of my most enjoyable and memorable at Harding, largely due to this responsibility.

I appreciate the team work of the yearbook staff, and I give credit to them for making this yearbook a great one.

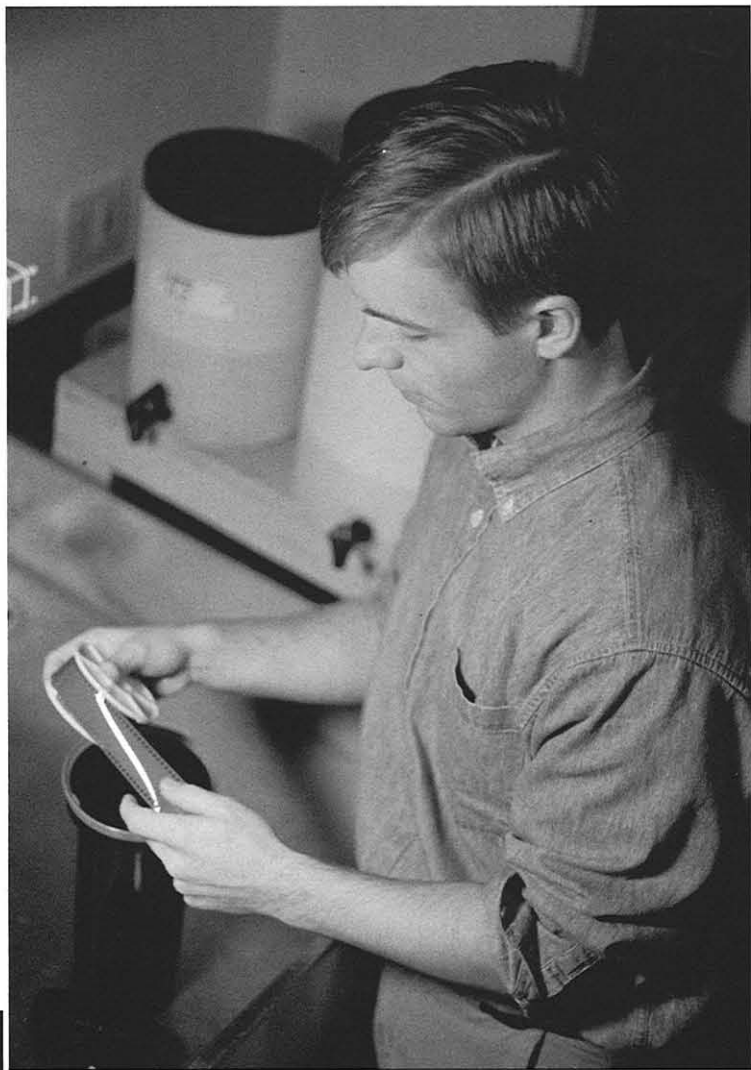

Coming to the end of my journey at Harding is bittersweet, but I am glad for the experiences I have had because it's through them that I have gained a new perspective.

I hope you find your years at Harding to be as rewarding as mine.

God Bless,

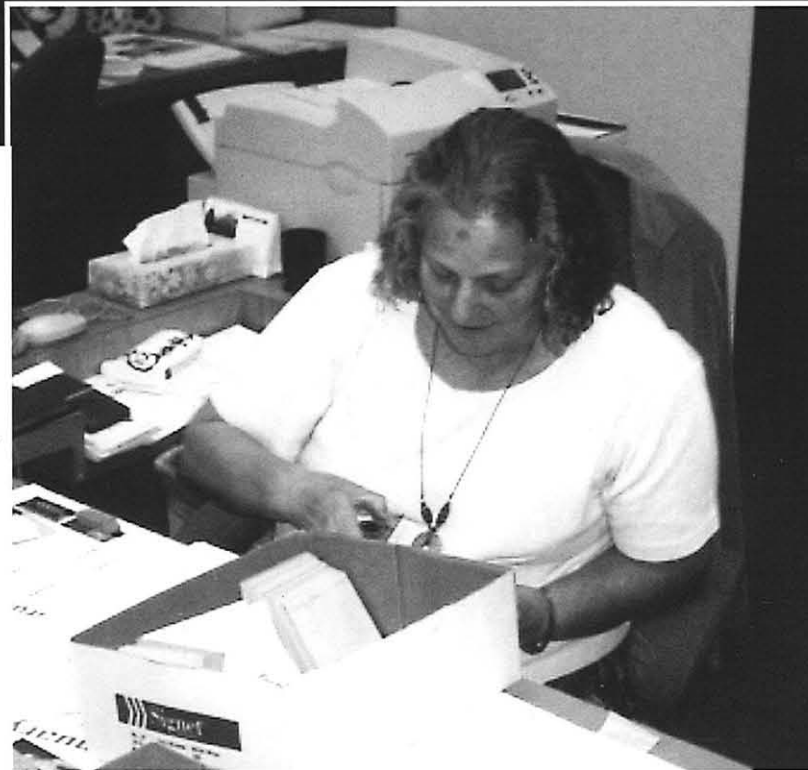

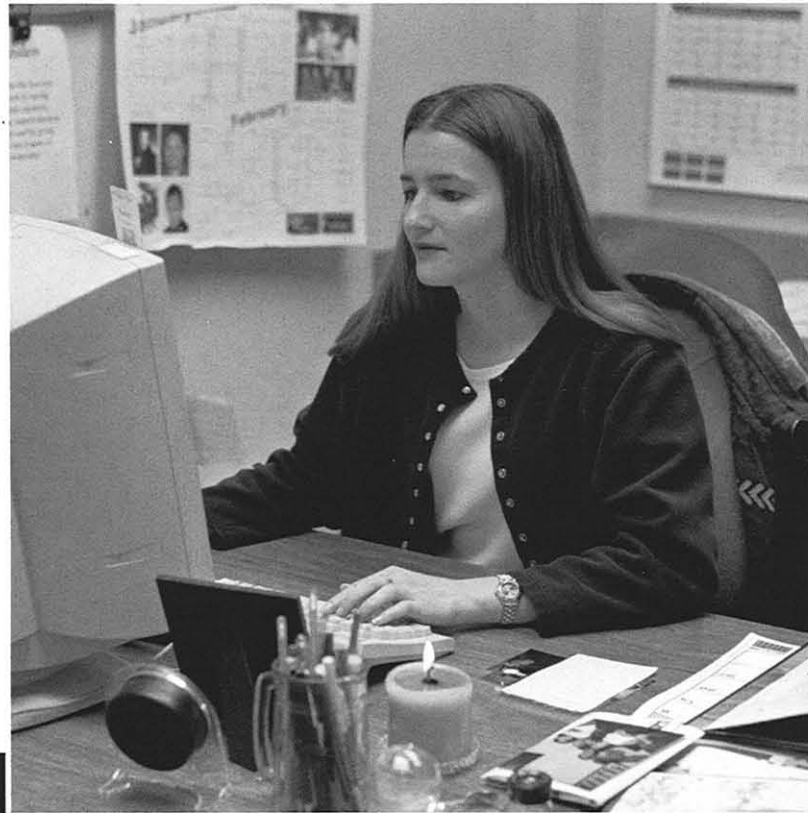

*Rachel*

## *discovering* a new **P**erspective

As we look back on this year, we see the physical growth that has occurred around campus. But more important than physical growth is the personal growth that has taken place within each of us.

This year, we have toiled through classes, made lifelong friends and traveled the world, and in the end, we gained a deeper understanding of ourselves and God's purpose for us here on earth, which is what the "Harding experience" is all about.

Being associated with Harding is a blessing because through this university, we have come to a more extensive knowledge of our Lord, our profession and our friendships.

Harding is truly a place that allows everyone who comes in contact with it an opportunity to discover a new perspective.
