we chase after so much as students,  
but during our time here we must  
remember that the journey is what  
makes the destination worth it.

## Balancing our pursuit of God, dreams

College is such an exciting time in our lives. It's a time when many of us step out for the first time on our own; it's a time when we really start to examine who we truly are; it's a time when we can chase after any dream that is out there. These are some of the reasons why our college years are some of the most memorable years of our lives.

As I look upon my time at Harding, I've realized how many opportunities there are for us to chase after our dreams. Whether it be the classes that get us closer to our degree, the campaigns and overseas programs that help us better understand who we are and what the world is like, or the organizations that will help us professionally, we have the tools before us to do whatever we want.

But while we chase after our dreams, there is one thing we cannot forget: to chase after God's heart. It's a hard thing to do — balancing our goals and dreams with doing God's will — but it's when we truly pursue God's heart and will that we will be complete. As Matthew 6:21 says, "For where your treasure is,

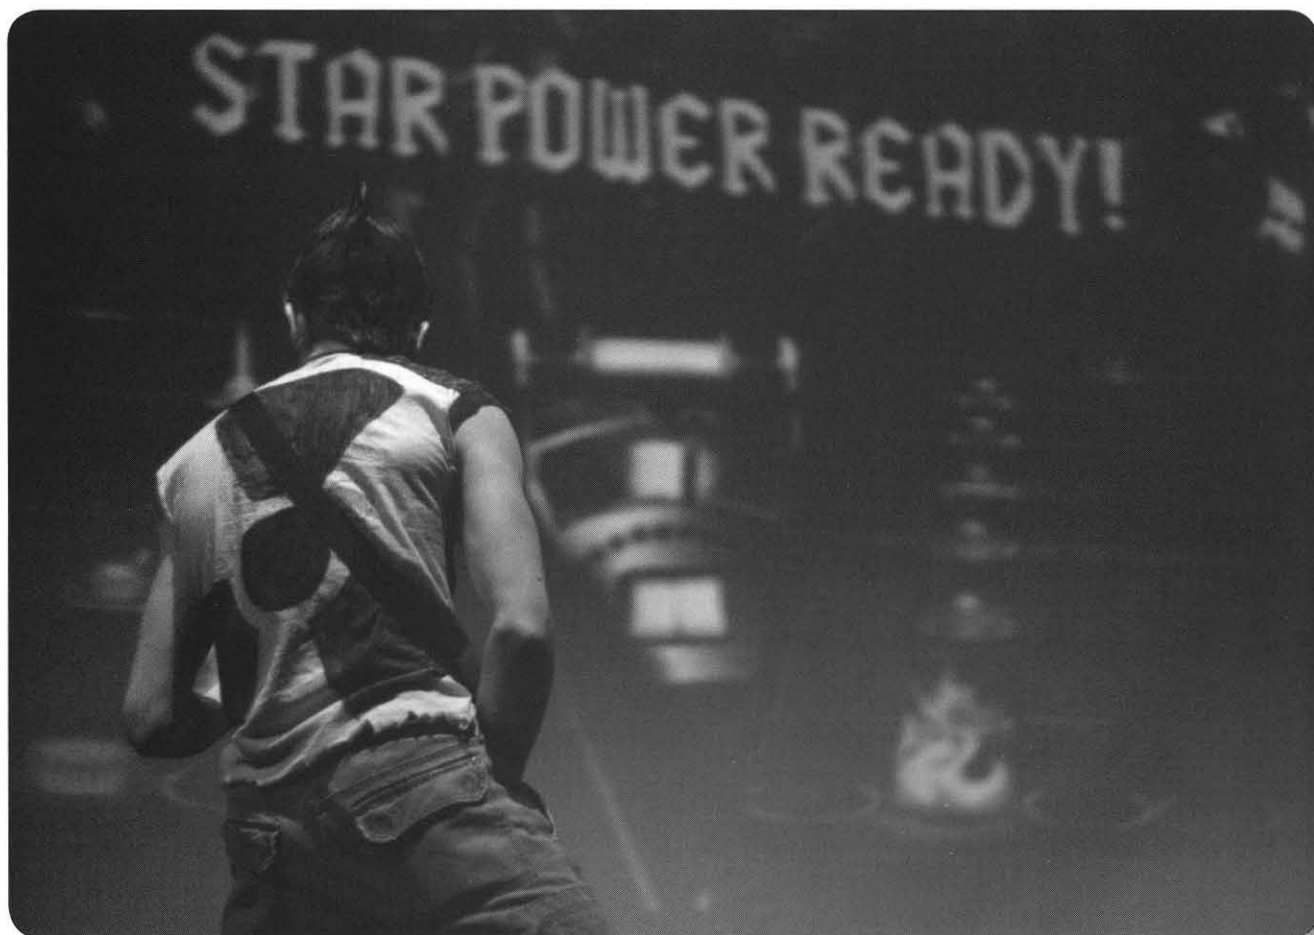

there your heart will be also."

David is known as a man after God's heart, and there is a reason for this. Even though he was successful and was the king of Israel, he still spent time praising God and developing a relationship with Him.

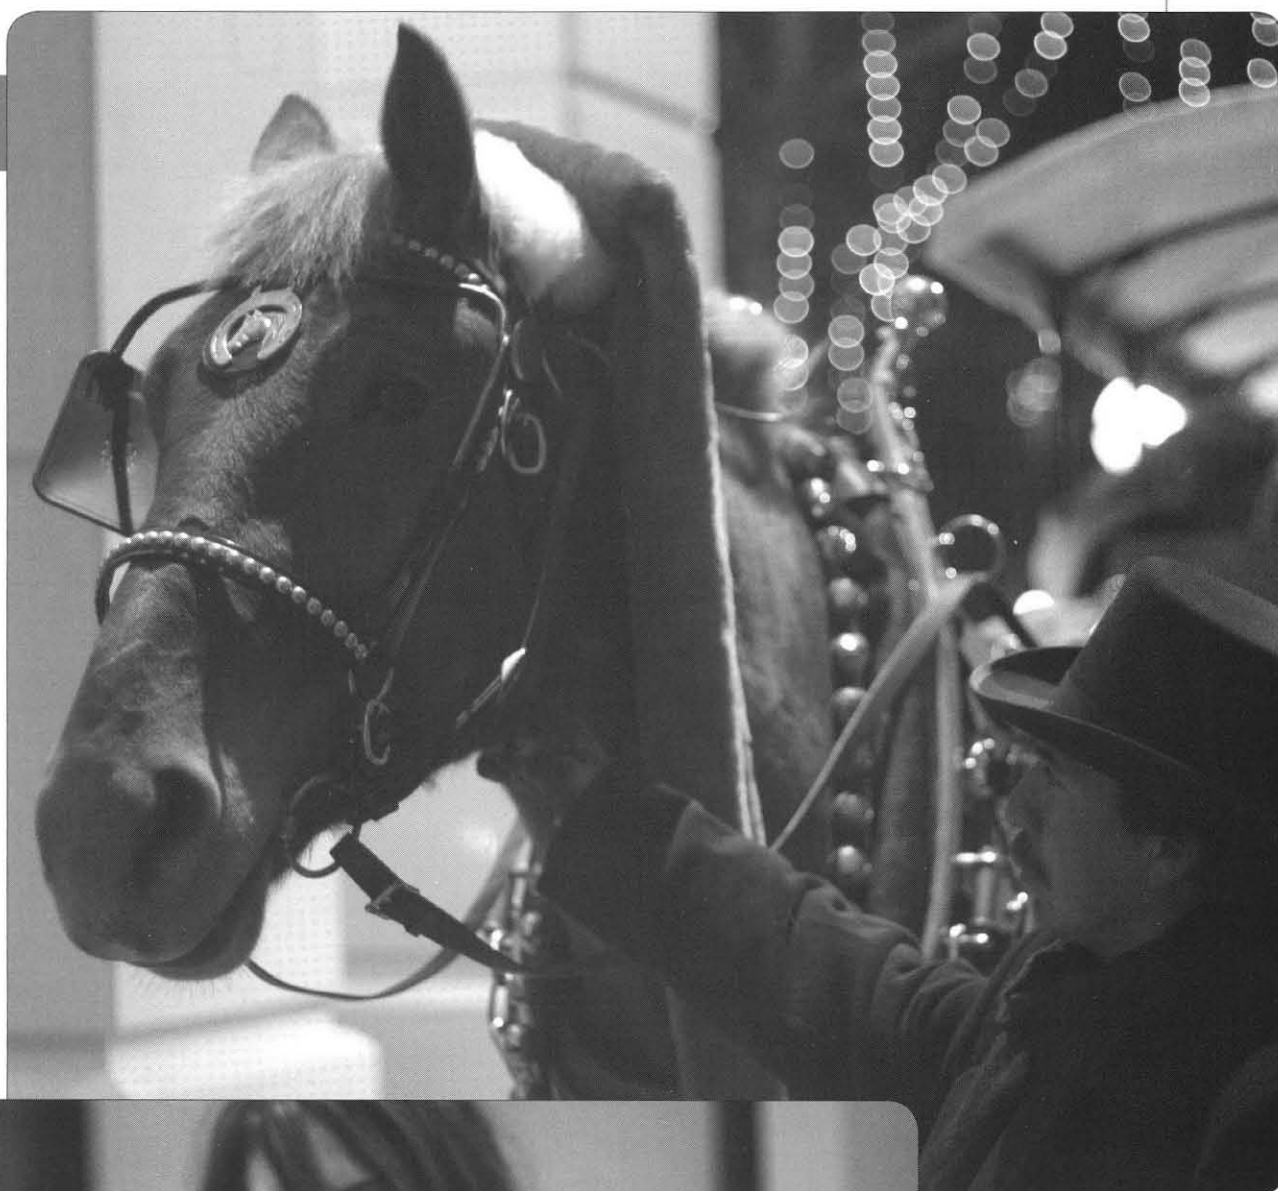

David wasn't perfect. He fell many times, especially when he put himself first and tried to pursue worldly treasures. But what's special about David is he realized that he could not be successful without having a relationship with God. God will never leave you as you continually seek him. "Those who know your name will trust in you, for you, Lord, have never forsaken those who seek you," Psalms 9:10.

I hope as you read this now and in the years to come that you continue to chase after your dreams; but also chase after God's heart as you grow and mature as a child of God. As Andrew Peterson sang in, "The Chasing Song," "God knows the only time I'm winning is when I'm chasing Him."

Two firefighters from the Searcy Fire Department walk near the McInteer building inspecting the area to determine the air quality after an electrical problem occurred in the Pryor-England Science Center on Jan. 27. The electrical failure caused hydrogen sulfide gases to be released into the building and caused the power to go out in several other buildings and dorms on campus. •Jon Byron

# JOSEPH E. PRYOR

**T**he Harding family lost one of its most influential men when Dr. Joseph E. Pryor passed away Oct. 26 at the age of 88. Pryor began at Harding in 1933 as a 15-year-old freshman and graduated in 1937 as valedictorian. Pryor began his teaching career in 1944 after receiving his master's and doctorate in physical science and math from Louisiana State University.

He served in many different positions during his time at the university. He taught physical science from 1944 to 1989, chaired the science department from 1944 to 1963, served as academic dean from 1960 to 1983 and as vice president for academic affairs from 1972 to 1983. For four decades he sponsored TNT social club and the Petit Jean, which won the All-American Award 29 years under his leadership. He was Harding's faculty representative to the Arkansas Intercollegiate Conference for 31 years and sponsored Alpha Chi. He was recognized as the University Distinguished Alumnus in 1974, received the Deans on Deans award from the Christian College Deans in 1982, and was elected to the Harding Athletics Hall of Fame and the NAIA Hall of Fame in 1990 for lettering in basketball and track while at Harding.

He was described as being gentle, brilliant, hard working, humble and a servant, and is remembered fondly by all who knew him. President David Burks knew Pryor since he was a freshman in 1961. He worked with him on the Petit Jean for four years

as photographer and said Pryor was a mentor to him when he was a student.

"He was the main reason that I stayed at Harding," Burks said. "I came intending to stay only one year, and because of my association with him, I made the decision to stay and finish and graduate. It was because of his heavy involvement and his encouragement and his letter writing ... a very in-depth, personal letter, a very encouraging letter. I have maybe 25 letters that he's written to me as a student just encouraging me in my work."

Dr. Jack Shock, professor of communication who worked with Pryor on the Petit Jean as adviser, said he would always remember Pryor for the way he could put a person at ease and his example as a professor.

"That is how I will always remember him," Shock said. "Not just buildings named after him or a picture on the wall, but as a living, breathing man who had such a big heart. I've always considered him a role model on how to relate to students; he was always open to student ideas."

Kay Gowen, associate professor of communication who worked on the Petit Jean with Pryor, said one thing that touched her the most about Pryor was seeing him worship at the College Church of Christ where he served as deacon and elder.

"He didn't talk or speak very much [later in life], but during those songs, he never missed a single word," Gowen said. "He was enjoying every moment of his worship time. I think that was really the heart of the man."

Chancellor Cliff Ganus worked with Pryor since the 1940s and remembers his heart and passion for God.

"He loved Christian education, and he loved the Lord," Ganus said. "He was a very faithful Christian, very solid in his understanding of the word of God. He was one man with whom I would trust my soul. He was of that quality."

It was not just the qualities of Pryor that people would remember, but they would also remember him playing ragtag football and other athletics against the students, his mispronunciation of the word "nachos" during a chapel announcement, his tradition of how to properly open a yearbook when the Petit Jean was presented in chapel, driving his car quickly while looking at the backseat and talking on Petit Jean trips to Oklahoma City, mowing his lawn late at night in his suit and, of course, his infamous bow ties.

Pryor will be missed by all those who knew him for he truly touched all those that he met.

"[I will remember] his commitment to Christ; his commitment to doing that which is right," Burks said. "That was evident in every single thing that he did, and that is why we turned to him as a leader and a mentor. He believed in excellence, and he wanted people to do their very best, whatever that might be for an individual student. In many ways he was a real renaissance type person. He was one of those bigger-than-life type persons that you just don't run into that often."
